Alabama High Power 2013 Champion: Club member Keith Perry won the Alabama High Power Rifle Championship held May 25th as part of the combined AL/TN Championship at Tullahoma TN. Keith fired an excellent 779-30x for the win.

e-mail List: The Club is now sending the Bulletin out via e-mail, in addition to hard copy mailings. If you have **not** been getting the test messages or e-mail bulletins, contact David Howard on range.bgrpc@gmail.com. The plan is to discontinue hard copy mailings in 2014, except for those that don't have e-mail or that request a hard copy.

Executive Committee Actions: The Executive Committee has decided to impose a \$200 initiation fee on new applicants. In addition, applicants must attend an Exec. meeting to pick up an application. Membership will re-open as soon as the Application form can be altered.

Handgun Training: Dan Fox is coaching a dry practice handgun safety course taught by Front Sight Firearms Training Institute. The course is a mixture of video instruction provided by Front Sight and individual coaching of dry practice to perfect the techniques seen on the video. Dan has done it 5 times and says he hasn't had a negative comment yet. It is 4 hours long and applicable to revolver shooters as well as semi-auto pistol shooters no matter what level of skill they currently have; from individuals with no experience to individuals who are very experienced. Fox is using the training facility at Gander Mountain, but the store doesn't handle registration for the class. Interested individuals can learn more and register at <HTTPS://athometraining.frontsight.com> (NOTE: the link is HTTPS, not WWW). Students will learn Handgun basics / Safety; Administrative handling procedures; Shooting procedures; and Emergency procedures.
