Retro Rimfire Rifle Match: This match will be rescheduled for Nov. 8th starting at 0830. It will be run as a, 120 rounds for record, conventional prone rimfire match. Match winner will receive trophy and award points. This match is to encourage those with the older match 22LR's . For those who need match ammunition, I will bring for sale 500 round bricks of SK Match. The period Standard Rifle had a flat buttplate and fixed combs/cheek pieces. The butt plate could slide up and down, but it was basically flat: no undershoulder hook was allowed. Stocks were wood. Standard Rifles purchased from the CMP include Kimber M82, Rem 40X, H&R M12, Rem 513, Rem 514, Rem 541, Mossberg, Springfield M1 or M2 , Stevens M416, and Win M52A/B/C/D models. Other vintage rifles include Rem 37, Win M75, and BSA Martini. For unlisted very old models: if in original configuration and used in NRA competition, or used by the military in WW2/Korea as a training rifle, it is retro. Shooters can use irons or scope. German rifles, vintage actions fitted on modernistic stocks of fiberglass, plastic, metal stocks, tube gun stocks may be used in competition but the shooter will not be eligible for awards.

Worley Match: The annual Worley Match is scheduled for December 6th. This year the Worley Match will be combined with the M1 Only Match. The course of fire will consist of the usual 50 shot 100 yd High Power match and a modified Pistol NMC (one hand only). Any M1 Garand, including "Accurized" M1's, with issue sights may be used. The Pistol Match may be fired concurrently with the High Power match. Any pistol may be used. Loaner pistols and ammo will be available. There is no charge for the pistol match and no awards. The Worley Trophy will be given to the club member with the highest total High Power and Pistol scores.

For Sale: Boxed volumes of Handloader and Rifle magazines; 12 issues per box, comprising 2 years/box. No cherry picking. \$5.00/box. James Moses 256 534 7968
