Indoor .22 Gallery Pistol Match

An agreement has been reached with Larry's for B&G to reserve the range the second Tuesday of each month, starting May 12, 2015. Norm Robinson (256-426-1198) ran the last pistol match at the Madison range and he has volunteered to run the match at Larry's. Match details follow:

Date: May 12, 2015
Time: 6:30 PM
Location: Larry's, 2405 N Memorial Pkwy, Huntsville, AL 35810
Match Fee: \$20

Course of Fire: Total of 90 Rds 22 LR at 50 feet with no sighters, including:

NM Bullseye 30 Rds
Plus
Slow Fire.....20 Rds
Timed Fire.....20 Rds
Rapid Fire.....20 Rds

Arrival, Parking and Entering Larry's: We have been asked to drive around the left side of the store and park behind the main store building (there is a dumpster in this area) near the back door. The parking area is lighted. After store is closed the range master will unlock the back door and let B&G shooters into the range thru that door. It is recommend shooters have B&G membership card or badge and can be admitted individually. Shooters should arrive between 6:00-6:15 and congregate in the area mentioned above to enter as group after the public shooters have been cleared from the range.

NOTE: As the purpose of these pistol matches is to have some fun, and competition, we encourage members who have never fired a match, but are interested, to come out. Do not worry about not having a match pistol or other competition equipment. Bring whatever (in safe operating condition) .22 pistol, at least 100 rounds of ammunition, something to write with, ear and eye protection. You must shoot the match if you want to shoot, even if empty points are available, since people just shooting for fun would be a distraction. We are still working out the details, but we want members to have fun.

NRA conventional pistol competition consists of firing slow, timed, and rapid fire. This is done at 50 and 25 yards outdoors and almost exclusively at 50 feet indoors. Generally an outdoor match will consist of 20 shots, slow fire at 50 yards (2 10-shot strings, 10 minutes per string), 20 shots, timed fire at 25 yards (4 5-shot strings, 20 seconds per string), 20 shots, rapid fire at 25 yards (4 5-shot strings, 10 seconds per string), and the National Match Course (10-shots, slow fire at 50 yards, 10-shots timed fire, and 10-shots rapid fire). This match consists of 90-shots for a possible aggregate total of 900 points.
